

The St. James Town Resident Action Group and the Wellesley Institute would like to invite you to come and hear about the work that we have been doing to try and turn the research we all did into action for a better neighbourhood.

We are going to hold this event on Thursday, February 18th at the Wellesley Community Centre in Room B2. At 7:00 we will be serving food and then we will hear from the members of the St. James Town Action Group about what they have been doing over the last several months.

This has been an exciting time for the group. The Photo Voice project was displayed at City Hall and we had a chance to meet with Councillor Pam McConnell and about 20 staff from the city. We have been working with some of these staff and with other members of the community on issues like bicycle parking, recycling and community gardens.

We will be talking about what we have done and what we think we can do in the future to make St. James Town a healthy neighbourhood. We want to hear from you about your ideas and whether you can help out with this important work.

Please let us know if you are going to be able to attend this event so that we can figure out how much food we need to bring. Call Brian Eng at the Wellesley Institute (416) 972-1010 extension 230 if you are planning to come.

We would really like to see as many of the people who worked on the Photo Voice and Community Projects there to hear about how their work is turning into action for the community.

Signed by the members of the St. James Town Residents Action group.
